Subject: Path Forward Community Update

THE VILLAGE AT  
**AUGSBURG**  
A National Lutheran Community

Late last night we learned a recently discharged resident tested positive for COVID-19. Should the resident return to the community they will temporarily reside in the COVID-19 isolation neighborhood upon their return.

As a reminder, we will continue to test all residents and team members in skilled nursing weekly until we have two consecutive weeks without positive test results. We also continue to monitor residents for symptoms throughout the day. Additionally, we continue to utilize appropriate personal protective equipment and follow all infection control guidelines set forth by the Centers for Medicare and Medicaid Services, the Centers for Disease Control and the Department of Health.
