Subject: Path Forward Community Update

THE VILLAGE AT
AUGSBURG
A National Lutheran Community

As many of you know, yesterday the Centers for Disease Control announced vaccinated individuals no longer need to wear masks indoors. We are all excited about this news, however, **the state of Maryland and Baltimore County have not yet lifted the indoor mask mandate. We also were given direct guidance by the Department of Health that we cannot lift the indoor mandate.** We expect in the coming days, we will hear more for Governor Hogan regarding loosening mask mandates, but until that time, **masks are required in all shared common areas of the community.**

On May 12, Governor Hogan announced that mask mandates can be lifted once 70% of adults in the state have been vaccinated, and as of that day, the state was at 65% of adults being vaccinated. We have every reason to hope that the continued indoor mask requirements will be short lived.

I am grateful for your cooperation and patience as we move forward. We will update our regulations as soon as Governor Hogan, Baltimore County and the Department of Health have announced more.

All updates can be found online at <https://www.thevillageataugsburg.org/covid-19-updates/>.
