

THE VILLAGE AT
AUGSBURG
A National Lutheran Community

Date: December 28, 2021
To: Assisted Living Residents and Families
From: Cathy Sayers, Assisted Living Program
Manager
Subject: Path Forward Update

Following The Village at Augsburg's current testing protocol as well as health and safety practices for temperature and symptom screenings for team members, as of December 28, 2021, three team members have tested positive for COVID-19 since December 22, 2021. Our weekly testing continues through Thursday, December 30. Any additional positive results will be communicated after testing.

Contact tracing for direct exposure with the positive team member will be completed over the next 24 hours. If a resident has been impacted, those family members will be contacted. We continue to assess all residents daily for signs and symptoms of COVID-19.

Following guidance from the Maryland Department of Health, we are currently able to continue in-person visitation. Please continue to follow infection control precautions by properly wearing your mask at all times while at The Village at Augsburg. A reminder of our visitation guidelines can be found in the [December 23, 2021 update](#).

Please remember: if you are experiencing any cold or flu symptoms, please do not visit until your symptoms have resolved.

Thank you for your understanding, continued partnership and confidence in The Village at Augsburg.
