

THE VILLAGE AT  
**AUGSBURG**  
A National Lutheran Community

Date: June 17, 2022  
To: All AL and SNF Residents and Families  
From: John Ottena, Healthcare  
Administrator  
Subject: Path Forward Update

Today we learned a team member has tested positive for COVID-19. This person does not provide direct care for residents. We will contact trace and test any individuals who had direct contact with this person.

Although this means we are in outbreak, as a reminder, this does not impact visitation. However, while in our community, guests must remain masked and have the ability to remain masked, and this includes children. If a child is too young to be masked, unfortunately, they may not visit indoors. We can assist you in accommodating an outdoor visit in this scenario, weather permitting.

As always, we are grateful for your support and cooperation.
